- Staffing
- Accountability

- Professionalism

Jericho Staffing is a staffing firm that identifies the best candidates for open positions. According to the Louisiana Labor Market Industry Region 7, which includes all North Louisiana, all industries are expected to expand significantly, necessitating the expertise of seeking suitable candidates to fill those vacancies, which Jericho Staffing will provide.

Jericho is quickly gaining a reputation as Shreveport's leading temporary to permanent jobs agency. Other agencies concentrate on a small volume of personal information. Jericho focuses on everyone who wants to work and make a living. Governor John Bell Edwards recently announced his policy agenda to the public in his Annual State of Address in April. He noted that to build a prosperous Louisiana, we must ensure that everyone has equal access to opportunities for success. We feel the same way at Jericho, which is why dealing with people with disabilities is one of our main priorities. We have made it a policy to give workers with limited barriers the chance to succeed in the workplace as well. Supported Employment is based on the idea that if the right resources are in place, everyone will work. At Jericho Staffing we are dedicated to bridging the gap.
